When using option #4 and a player is injured or unable to play, the team must take an out for that spot in the lineup. A player that has not batted or played in the field, and is injured, would simply be skipped and taken out of the lineup. You cannot use both a DH and an EH.

7.03B Teams may play an official game with an eight (8) player line-up. If a team plays with an eight (8) player line-up, an out shall be declared for the ninth (9th) position in the batting line-up each turn at bat. The tournament director has the right to alter schedules, adjust time limits, or adjust the number of playoff participants in order to complete the tournament. The tournament director also has the right to alter the amount of the credit issued.

Refunds will not be issued to teams who drop out within the 30 day period prior to the start of the tournament.

The official batting order will be based on the player name.

If a player is not listed on the lineup card as a starter or a sub he will not be allowed to enter the game.

If he enters then he will be called out as soon as he enters the batter's box.

If a manager uses a bench player (sub) to play on defense and not officially enters him in the lineup, that player will be ejected along with the manager.

All substitution must be announced to umpire and opposing team, failure to do so will result in the batter

5. Every player must play at least one inning (Offense and Defense). Violation will result in forfeit of that game.
6. Rule 5 only applies to complete games.

2. All bats must be T-ball and can comprise of wood, composite, half and half and include the USSSA hologram logo on it. No fast pitch bats are allowed.
3. Bats thrown completely outside the home plate diameter (circle) are an out. A bat partially out of the circle is not an out.
4. Each batter is allowed three (3) strikes for an out.
5. No intentional walks.

Base Running Rules

1. Tagging up is not allowed. Infield fly rule does not apply. Ball is live until umpire calls "time out" or "time".
2. A base runner is out for leaving the base before the ball is hit. Stealing is not allowed.
3. Coaches that touch a runner while the ball is live will be charged with an out and the base runner removed from the base.
4. Sliding is not allowed at 1st Base. Each team will receive a warning on the first violation and will be an out on the next violation(s). Slide rule is in effect. Runners must slide when a tag is evident or seek to avoid contact with fielder. Malicious contact shall suspend all obstruction penalties.
5. On a batted fair ball, all players will advance at their own risk. The runner that made the hit, plus the runners on base, may take as many bases as possible until the ball is returned to the interior infield or until the play is deemed complete as determined by the umpire.
6. Overthrows: **Alive and in play** - After the first overthrow or the first thrown ball which gets past a fielder covering a base, the base runners may advance one base beyond the base which they were traveling to at the time of the release of the throw. This advancement is at their own risk. **Note:** After the second error of this type, a dead ball shall be called (**see rule 8**). Example: With a runner on first, the batter hits a ball to the shortstop that fields it and overthrows first base. The ball remains in play so the base runner from first advances at their own risk to third. The batter-base runner attempts to advance to second. The first baseman fields the overthrow and throws a second overthrow to second base. A dead ball is called.
7. Out-of-Play: If a defensive overthrow goes out of play, the two bases will be awarded unless it is the second overthrow occurring during the play, in which case a dead ball shall be called (**see rule 8**). The

base runners are entitled to advance one base beyond the base they were traveling to at the time of release of the throw.

8. The following rules shall govern the “crash rule” the situation involving contact between fielders and base runners at any base including home.

a. A base runner is not required to slide at any time. However, if a fielder clearly has possession of the ball and is waiting for the base runner, then it is the responsibility of the base runner to avoid contact with the fielder. If contact is made, it must be in an attempt to slide.

b. A fielder cannot block the base or baseline without clear possession of the ball. When waiting for a thrown ball, the fielder (including the catcher) must be positioned out of the baseline. Straddling the base is not out of the baseline. A fielder can move toward the base runner only when in clear possession of the ball.

c. Penalties

1. If a base runner makes contact with a fielder in clear possession of the ball other than in an attempt to slide, an immediate dead ball will be called. The base runner will be called out. If the base runner deliberately contacts the fielder with great force, the base runner is subject to ejection in addition to being called out. All other base runners are returned to the last base touched at the time of the dead ball.

2. If a fielder is blocking the baseline and does not have clear possession of the ball, any contact (other than deliberate contact by either player) shall be ruled obstruction; and bases shall be granted accordingly.

d. When the fielder, base runner, and ball arrive simultaneously at a base, umpire will rule on any illegal or unnecessary contact that may occur. In any case, no player may initiate deliberate contact without being subject to penalties.

9. No more half way marks--"time will be called when lead runner stops or there is no play to be made at which point all runners shall return to the last legally touched base without being put out."

Fielding Rules

1. The game must be played with 6 infielders and 5 outfielders. All must play assigned positions (No Rovers).

2. All players on the field will play one position per inning and cannot switch to another position until the next inning. Example: The Shortstop can only play that position for the inning and only move either after the inning, or if the player is hurt and a substitution is in place.

3. During a play at home, the catcher must make the play and not another position player.

4. Players must be 5 feet apart from each other and has to play his or her designated position (or area). Hence, second base cannot play Shortstop or pitcher at the same time. (Umpire judgment)

5. The Middle infielders (Shortstop and 2nd) may play no deeper than 3 yards or 9 feet (from the baseline) into the outfield and 1st & 3rd no deeper than 3 yards or 9 feet (from the baseline) into the outfield grass.

6. Pitchers must remain in the pitcher's circle until ball is hit. Pitchers can only be used as a backup for any player on a base not at home plate.

7. If there is direct hit "on the ground" to the pitcher having full possession of the ball and both feet in the circle, time will not be called until the batter reaches first base or a play is made.

Game Tie Breakers: For play-offs or consolation games

Playing another inning shall continue a game that is tied after regulation play or the time limit. The visiting team shall place the last out of the previous inning on second base. The same shall happen with home team.

Only the **head coach** will be allowed to approach the umpire to discuss a call. On offense: only **3** coaches are allowed in the field. On defense: only **4** coaches (or three coaches and scorekeeper) are allowed inside the dugout. A single defensive coach will be allowed in the outfield to direct fielders (coach must stand behind the outfielders) but the coach may not touch or physically position a player until ball is dead.
